To keep up with the latest fashions, people subscribe to fashion magazines, keep a keen eye on what has appeared in shops and what has been there for a long time, and go to fashion shows to see what the designers are putting on the catwalk this season, and therefore what will make it is to the shops. For the extremely wealthy, they might have their own personal relationship with a designer who will keep them well ahead of the current trends, therefore, many people wanting to know what the new fashion lines are going to be will watch what celebrities are wearing. Being ahead of fashion is for many, the ultimate achievement, although being too ahead of the fashion is just as bad as being behind it if you are too far ahead people will think what you are wearing is not in fashion, because it isn't, yet.
